1st Annual Shoot for Charity

Come out and support some great charities that have a large impact in the CSRA!

If you like to shoot, what better way to donate to a great cause by doing something fun! SHARPE Shooters is proud to kick-off an annual event that will not only benefit a couple of charities in our local area, but provide those who like to shoot and compete an event to have a blast—literally!

We want to create an event that has a sense of community and what better way than to have an event that gives to organizations serving those in our community needing help. We are working with a local military and non-military charity.

“\textit{We want to encourage the shooters in our local community to participate in an event that is fun, challenging, and open to all skill levels while also benefiting our local charities.}”

- Buddy Lichty

Our 2016 Participating Charities

- Golden Harvest Food Bank
- AWP
- Augusta Warrior Project

What

A competition where individuals and teams of 2 and 4 compete across four disciplines of shooting:

- Rimfire Challenge
- Steel Challenge
- Practical Shoot
- Rifle Challenge

Prizes will be awarded to top teams and individuals.

Where

SHARPE Shooters Outdoor Range
2901 Gun Club Road
Augusta, GA 30907
(706) 755-0424

www.sharpeshootersaugusta.com

When

\textbf{Saturday, July 30, 2016}

This will be an all-day event where the entire range will be utilized.

Registration of teams will be done online as well as walk-in registration welcome at the event.

Vendor setup starting at noon Friday, July 29. Gates open at 8:00am the day of the event for vendors.

Doors will open at 9:00am the day of the event. Live fire will start at 10:00am.
Sponsors

This event will be seeking sponsors to help cover costs, donate prizes for the competition, items for general raffles, as well as contribute monies to one or both of the involved charities. Sponsors will be acknowledged on our event T-shirts along with opportunities to have banners and other means of recognition on the range and other areas of the property. The bigger the sponsor contribution(s), the more prominent the recognition. We are asking for sponsorship levels of $100, $200, or $400. Of course a sponsor can make a contribution in any amount.

Vendors

What is an event without vendors? We will have a vendor area available for tent setup for a $20 fee. Vendors will be able to sell, demo, recruit, or otherwise promote their business/organization. A 25yd pistol bay will be set aside for any firearm, ammunition, or other related demonstration. Reminder that the only class 3 items allowed to be used on the SHARPE Shooters range are silencers and short barreled rifles. Fully automatic or devices that mimic full auto are prohibited items per Richmond County zoning.

Charities

The entire event is geared towards benefiting our participating charities here in the CSRA.

Q: How do the charities benefit from this competition?
A: A portion of the competitor entry fees as well as non-competitor shooting fees will go to the charities. Any donations given directly to the charities are welcome too!

Q: Will there be any food available and what will it cost?
A: We will have a BBQ grill serving hamburgers, hot dogs, and other summer BBQ food items along with soft drinks for those wanting to eat at the event for a nominal fee.

Q: Can a simple cash donation be made to the charities?
A: Yes. Anyone can donate additional monies to the charity of their choice.

Shooters

Non-competitor shooters will enjoy some plinking opportunities for a nominal fee of $5. Anything given above $5 will go to the charities.

For the competition, the field is open to anyone who would like to shoot individually or on a two-person or four-person team. All skill levels are welcome, however a certain level of shooting knowledge and competency will be required as this is not a beginner workshop.

Registration for the shoot will be done both on-line as well as in-person at the SHARPE Shooters Outdoor Range. On-line registration will be made available in early May with in-person registration starting shortly following the Masters golf tournament.

Prizes will be awarded to the top 2 person teams, top 4 person teams, and top individuals. A plaque will be displayed at the range with the winners in each category.

Cost: $30 per shooter (a portion of this goes to the charities)
